

“Psst... JB’s IR and UV doubled productivity for 500+ companies, and now KleenPlate™ is eliminating hickeys and plate washing.”

IR Drying for:

- ▶ Maximum production speeds.
- ▶ Elimination of marking, smearing and ghosting.
- ▶ Single pass printing, varnishing and die cutting on all paper including coated.

UV Coating for:

- ▶ Unmatchable scuff and rub resistance.
- ▶ Increased water resistance and box strength.
- ▶ Superior gloss, equal in look and quality to film lamination.

KleenPlate™ for:

- ▶ Patented continuous automatic hickey removal
- ▶ Non-stop printing without plate washing
- ▶ Near perfect solids on all substrates
